PRESIDENT'S MESSAGE

What could be more American than driving a Model A? How about driving a Model A—and—being a board member of one of the best Model A clubs America has to offer—The Wichita A's. All of us share a passion for the American automobile that made history. Our club provides camaraderie and appreciation of an early era rich in development, expansion and adventure. To sustain our club requires a continuum of member interest, involvement and fresh ideas. Be part of our club's legacy and help chart a path for members yet to join. If you have ever organized a tour for club members, then a seat on the board is for you. If you have ever attended a Model A tour with our club, then a seat on the board is for you. If you have ever attended a Model A meeting, you are a current member of the club (annual dues are paid), then a seat on the board is for you. The point is, get involved and make a difference! Help our club, your club, to preserve history while making memories. Submit your name or the name of a willing club member, for a board seat. To paraphrase a popular saying: "Make the Model A Great Again!"

Note: In accordance with the bylaws of Wichita A's Club, Article V—Membership, Section 3; Date of Annual Meeting—"The annual meeting of the members shall be the fourth Monday of the month of September...At such annual meeting the members shall elect a board of directors and transact such other business as may properly be brought before the meeting."

Positions open: President, Vice-President, Secretary, Treasurer, Member—At—Large

Mike James,
President

CANCELLATION OF OCTOBERFEST TOUR TO HAYS, KS

Due to pricing of motels (all of them) and the fact that a side tour to Plainsville, KS for a tour of a high-end furniture store that shipped product all over world is now in bankruptcy, we are cancelling the tour to Hays on October 10, 11 & 12, 2019. Three events are happening that weekend: Octoberfest, homecoming game for Fort Hays State University and a soccer tournament. Our mighty tour director agreed with us it will be too expensive and a lot of traffic to put up with. **ANY OF YOU WHO ALREADY MADE MOTEL RESERVATIONS IN HAYS PLEASE RE-MEMBER TO CANCEL!**

We're sorry this trip didn't work out for us. **Hoffmans & Kibbe**

The Pledge of Allegiance

At our July meeting a motion was made, and passed unanimously, that we begin our meetings with the Pledge of Allegiance. If you are like me, your history of the Pledge is probably like some of our Model A's a little rusty. Rather than just recite a few words with blind thought as to the meaning, take a few minutes and review the short historical narrative provided by U.S. Department of Veterans Affairs.

Thirty-one words which affirm the values and freedom that the American flag represents are recited while facing the flag as a pledge of Americans' loyalty to their country. The Pledge of Allegiance was written for the 400th anniversary, in 1892, of the discovery of America. A national committee of educators and civic leaders planned a public-school celebration of Columbus Day to center around the flag. Included with the script for ceremonies that culminate in raising of the flag was the pledge. So it was in October 1892 Columbus Day programs that school children across the country first recited the Pledge of Allegiance this way.

I pledge allegiance to my flag and to the Republic for which it stands: one Nation indivisible, with Liberty and Justice for all.

Controversy continues over whether the author was the chairman of the committee, Francis Bellamy—who worked on a magazine for young people that published the pledge—or James Upham, who worked for the publishing firm that produced the magazine. The pledge was published anonymously in the magazine and was not copyrighted.

According to some accounts of Bellamy as author, he decided to write a pledge of allegiance, rather than a salute, because it was a stronger expression of loyalty—something particularly significant even 27 years after the Civil War ended. “One Nation indivisible” referred to the outcome of the Civil War, and “Liberty and Justice for all” expressed the ideals of the Declaration of Independence.

The words “my flag” were replaced by “the flag of the United States” in 1923, because some foreign-born people might have in mind the flag of the country of their birth, instead of the U.S. flag. A year later, “of America” was added after “United States.” No form of the pledge received official recognition by Congress until June 22, 1942, when it was formally included in the U.S. Flag Code. The official name of The Pledge of Allegiance was adopted in 1945. The last change in language came on Flag Day 1954, when Congress passed a law which added the words “under God” after “one nation.”

Originally, the pledge was said with the hand in the so-called “Bellamy Salute,” with the hand resting first outward from the chest, then the arm extending out from the body. Once Hitler came to power in Europe, some Americans were concerned that this position of the arm and hand resembled the salute rendered by the Nazi military. In 1942, Congress established the current practice of rendering the pledge with the right hand placed flat over the heart.

Section 7 of the Federal Flag Code states that when not in military uniform, men should remove any headdress with their right hand and hold it at the left shoulder, thereby, resting the hand over the heart. People in military uniform should remain silent, face the flag and render the military salute.

The Flag Code specifies that any future changes to the pledge would have to be with the consent of the President.

The Pledge of Allegiance now reads:

I pledge allegiance to the flag of the United States of America and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

GET THE WORD OUT

Every two years since 1994, the **Model A Youth Restoration Awards (MAYRA)** program gives financial assistance to youth who are restoring a Model A. They must be between ages 12 and less than 22 when the awards are announced. Every applicant who meets the award requirements will receive the same amount. In 2018, nine youth each received \$2,200 in financial support. If you know of a youth who is working on a Model A, please tell him or her about the program. All the details are on the website—www.modelarestorationaward.org. The deadline for filing for a 2020 award is May 31, 2020.

MAYRA's guiding philosophy is that the future of the hobby rests with instilling an interest and love for the Model A's in youth. Once that interest takes hold, the youth is more likely to stick with the hobby or rekindle the interest in the hobby at a later point in life. And being successful in the restoration often depends on finances and that is MAYRA helps.

The program requires just two things, youth and donations:

Youth— If you know of someone, please tell them.

Donations—The program is funded with donations from Model A Clubs, the national organizations of the MAFCA and the MARC, Model A parts and services vendors, individuals and memorials. We are a 501 (c) 3 educational organization.

Thanks for you help,
Bob Moore 626-358-2027

MAFFI Newsletter Minute August 2019

Coffield Collection of Model "A" Advertisements

Al Coffield was an active member of the Model A Ford community in the Phoenix area. In addition to enjoying Model A cars, Al collected Model A era ads. He passed away in 1993 and in 1995 his estate donated a large collection of Model A era ads to MAFFI.

Most of the activity in the past years involving the Coffield Ad collection is connected with the use of the presentation seminar prepared by MAFFI and now being used by various clubs.

The program provides insight into the techniques used to promote sales of the Model A during the years of manufacture. MAFFI solicits additions to both the ad collection and the photograph collections from anyone who has examples that should be preserved and shared with other members of the hobby, present and future.

The collection contains over 600 magazine and newspaper ads, including many foreign ads. The typical ad in the collection shows the methods and techniques of Ford advertising and revealing those things which Ford considered to be important to car and truck buyers of that era.

Member clubs have the opportunity to see a selection of these ads in color. MAFFI will provide a set of transparencies and a script. Your club need only provide an overhead projector and a screen. The program is also available on a DVD.

Enjoy an evening of education and entertainment using copies of these original advertising pages.

Please contact the MAFFI office for scheduling: ExecutiveDirector@maffi.org

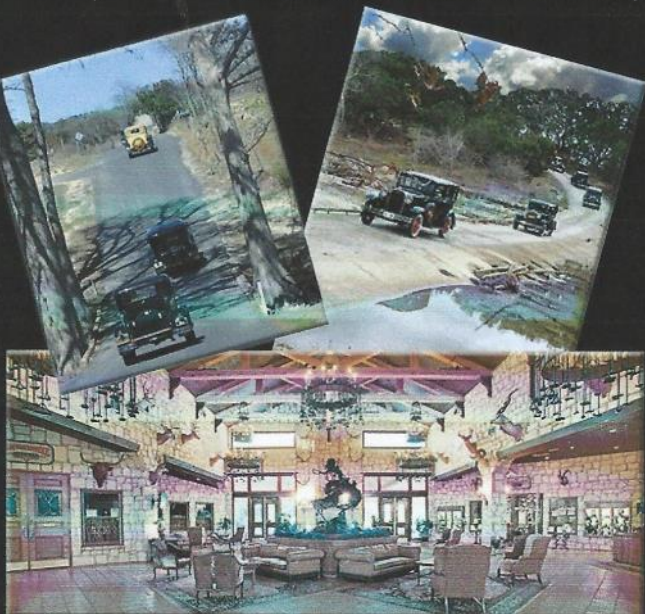

Thank you for your continued support of the Model A Ford Foundation by both item donation and monetary support.

IS YOUR TRANSMISSION JUMPING OUT OF GEAR?

This is a difficult one to Trouble Shoot as it usually requires the removal of the transmission. This problem is caused by a number of individual things or a combination of them. There must be .010 shims installed between the engine block and the Flywheel housing upper ears, the same thickness of the paper gasket that covers the end of the Camshaft.

When Replacing the Clutch always replace the Flywheel Pilot Bearing. Inspect the front end of the Transmission Main shaft where it goes into the Pilot Bearing for wear, no more than .002 maximum between Shaft and Bearing.

The Detents, Shafts, and Springs in the Shifter Top may be excessively worn. The easiest way is to try another known good Shifter Top.

It could be worn Second/High Slider Gear, or the rear of a worn Main Shaft where their spines couple together in the transmission.

Finally the Flywheel Housing could be cracked or warped. Use a Magnetic Base Dial Indicator, attached to the Flywheel or Crank Shaft to check the run out on rear Flange of the Flywheel housing. There should be no more than .006 maximum all the way around. Take the Spark Plugs out, and have a helper turn the crank while you observe the readings

SAFETY IDEA

Safety Idea

Sherry Wink

I've always been concerned with blind spots on a Model A while driving it. The side mirrors are usable but just "ok", and are easy to knock out of position. The rear view mirror is quite small compared to modern vehicles. I recently added this item to the Old Lady, and while it can't eliminate all blind spots, it's definitely a huge improvement! In the picture to the right, you can see my rear window in the middle, and the view out the side windows on each side.

I like the fact that this wide angle mirror is not a permanent fixture. Instead, it has spring loaded clamps, allowing me to clip it on my original mirror while driving, and easily removing it for shows and events where I want the original look.

Different versions of these mirrors can be found a various merchants, but I found mine on Amazon.com for \$12.00, a small price for the added safety.
