## PRESIDENT'S MESSAGE

If you are reading this congratulations are in order, you survived the hectic holiday season!!! 2017 is here and what a glorious start it was for those of us that started the New Year attending the First Tour of the Year on January 1<sup>st</sup>. We had beautiful weather and as always a very educational tour.

We will start the planning process for the 2017 tour and activity schedule at the January meeting with some additional planning time at the February meeting this year. There is no better way to enjoy our hobby than getting the cars out and

driving them, so please plan on attending these planning meetings and sharing your ideas for tours and activities that allow us to fellowship, enjoy our Model A's and share our cars and hobby with others.

Best Regards,

**Randy Frazer**, President

## NOTE FROM THE EDITOR

I am happy to report our club newsletter has received the Model A Ford Club of America Certificate of Merit Award for the year 2016. Thank you for all your help with your articles for the newsletter. It couldn't have been done without your input.

I receive newsletters, via email, from many Model A clubs from neighboring states. In the event you are not on my list to receive them and want to receive them, please email me

your request. If you are currently receiving other club newsletters from me and do not want them any longer please let me know.

Remember we have moved up our tour planning meeting one month and it will take place during the January meeting. A lot of people are looking forward to the tours this year.

**Linda Kibbe**, Editor

## 2016 ANNUAL CHARITY AUCTION AND FOOD DRIVE

Although there was a lower than usual attendance to our annual Charity Auction, our members took in \$2024.50 for the Shriner's Plane of Mercy, Share the Season, and Habitat for Humanity. A big THANK YOU goes to **Ed Giesen** for collecting and delivering 256 pounds of food items plus \$10.00 to the Kansas Food Bank. Another "thank you" to **Lonnie McCurdy**, who was ill that night, for providing a substitute auctioneer. Thanks to everyone who contributed items and cash for our 2016 charity Auction.

## 2017 CLUB ROSTERS at CLUB MEETING & SWAP MEET

Many Thanks! to **Rex Kraus** for completing the Roster to electronically send it to Fast Print! Thanks also to **Linda Kibbe** for updating the ads.

The 2017 Rosters will be handed out at the January 25 meeting. If you are at the Swap Meet please come by **John Stone's** booth (E-11) to pick up your copy. The ones that are left after the swap meet will be mailed.

**PLEASE** check your information as printed and let me know if there are any corrections. Roster Updates will be in future newsletters so you can keep your roster up-to-date. There is a page available for New Member listings. If you move or change your e-mail address, please let us know so I can keep your newsletter going to the correct address.

– **Susan Stone**

**P.S.** We have updated our Wichita A's CLUB e-mail list. We send out information that may come up between newsletters and club meetings. If you would like to be on this 'club list' or you would like to be taken off this list, let **Linda Kibbe** ([editor@wichitaas.com](mailto:editor@wichitaas.com)) or **Susan Stone** ([membership@wichitaas.com](mailto:membership@wichitaas.com)) know. The 'club list' list is not the same as the 'e-mail the newsletter list'. If you would like to receive the newsletter via e-mail, please respond to **Linda** or **Susan**. It is a great way to read the newsletter – all in color AND you will receive it several days earlier than the printed one you get via postal mail.

## TOUR PLANNING MEETING JANUARY 23RD!!!

There are a number of members who are looking forward to the Model A tours this year. Since we no longer have the swap meet planning during the January club meeting **Don Grabendike** has agreed to move the tour planning meeting up to this month, the 23<sup>rd</sup> of January. In the event you do not have anything ready in time for the January meeting, you can present it during the February meeting. One of the many advantages is this gives you time to make arrangements for your tour in March.

## MARC DRIVING AWARDS

The Model A Restorers Club has a Mileage Program available to MARC members only. The award recognition begins at 2,000 miles and the second award level is 5,000 miles. The participant receives a round blue plaque with the first mileage level and a replacement mileage tab is awarded thereafter. Dick Fisher the chairman for the MARC Mileage Program writes an article in the Model A News magazine.

The car registration and mileage for 2016 needs to be turned in by February 2017. The mileage as of December 31, 2016 is the odometer reading that will need to be used.

If you decide to participate please send your 2016 odometer readings to me soon.

## First Tour 2017

The first tour of 2017 began at Soul Sisters Fusion, 1812 W. Douglas. We arrived at 11:30 AM for lunch. After lunch we drove a couple of blocks away where, Don Grabendike talked to us about how several aircraft productions got started in the Delano area. Some aircraft companies are still in production here in Wichita and several are not in production anywhere.

The weather was beautiful for the 1st of January. We had a total of 27 cars attend this event.

**Mike James** took all the following photos on this tour. Thank you **Mike** for the pictures and thank you **Don Grabendike** for coming up with this tour! It was very enjoyable.

# Tech Talk

## Central Iowa Model A Club Newsletter Mike Youngblood

This is something that might happen to you someday....

I recently drove my new 1930 Town Sedan (new to me) over to **Al Fredregill's** house to have him check the toe-in. When I got there I noticed an unusual amount of oil dripping from the back of the engine. I looked at it and said, "Oh crap, what is this mess?" **Al** said in his usual calm voice as he proceeded with the steering adjustment, "Rear Main is Leaking." Well I had heard horror stories about the time and energy needed to shim the bearings so you can imagine the look on my face.

**Al** got the steering adjusted and checked the toe-in so I headed home. When I got home I looked behind the car on the drive way only to see little drops of oil following along behind. I ordered all of the parts for the job.

I was on line looking up information about the process and one of the articles I read said, that any issues causing pressure to build up in the crank case could cause oil to be pushed out the rear main. I thought it would be worth a shot at checking some things before starting. I opened the oil filler tube and noticed a lot of build up around the baffles of the filler tube. This was caused by moisture in the tube over time. I pulled the filler tube out of the car and cleaned it all out. I put the filler tube back in the car, started the engine and let it run for awhile. Much to my surprise the excessive oil drip stopped. I drove the car for about 5 miles and stopped to check it again and it was not leaking!

As **Al** always says, "check the simple stuff first". He is soooooo wise! Probably the second smartest person I know...

---

**We chose to reprint this article from the Iowa Newsletter for a couple of reasons.**

1. **Al Fredregill**, the "second smartest person" is a long time member of the Central Iowa Club. He and his family have attended most all of the regional meets that we have held in Wichita. He has worked on Model A's for many years and has a lot of practical knowledge of repairs to them. We remember that he had a large tennis shoe, maybe size 15, dangling from a rear bumper bracket and **Al** was frequently referred to as "Big Foot".

Always enjoyed visiting with **Al**.

*Continue to next page:*

*Tech Talk continued from previous page:*

2. Crank Case pressure: The 2<sup>nd</sup> year in existence of this club, 1966, a large contingent of members (16 cars) drove to the National Model A Ford meet in Albuquerque. This was approximately a 1600 mile round trip. One very experienced driver (now deceased) had to add 32 quarts of oil to his car during this trip and it was a recent rebuild. He chose to insert a "chore boy" also referred to as a, pot scrubber, in his oil filler pipe. His theory was that this would stop blow by under the hood. I don't know if he ever discovered that this was the source of pressure that was blowing oil out of the rear main.

There is an accessory available that attaches to the filler pipe and directs this pressure under the car via a flexible tube and leaves the passenger side of the engine much cleaner. I don't like this accessory as it is in the way of checking the dipstick and other tasks, and it has some sharp edges.

Somewhere, someone told me to put a sock over the filler pipe and cap which would allow the crankcase to adequately breathe and it could periodically be changed when it filled up with residue. A white sock works best so you can tell when it is soiled and needs to be replaced. My wife saves old white socks so I have an adequate source.

The "sock system" has worked well for me and I have had no problems with a leaky rear main. **Roger Graham**

### MAFFI Newsletter Minute

Dear Model A Friends,

I trust that you have all had a Merry Christmas and Happy New Year! You lucky folks in the Sun Belt are still able to drive and enjoy your Model A through this season and others are hanging in for that 'Frosty Tour' to start off the New Year. Have fun!

Recently a fund raising letter for the museum was sent out to all the clubs and regions. With so many good causes to give to, I do hope that your club had a little something to send in support those organizations that promote the Model A hobby, like the Model A Youth Scholarship Fund and the Model A Ford Museum. These two organizations will assure the future of the Model A hobby and that folks will continue to enjoy seeing and hearing Model A's on the road.

## MAFCA News

### Happy New Year!

It is with great pleasure that I will begin 2017 and MAFCA's 60th Anniversary year as your President. I thank the MAFCA Board for their confidence in me. The 2017 Board is made up of people who live not only on both coasts of the country, specifically California, Maine, and South Carolina, but also in Illinois and Texas, through the center of the United States. It's good to see Garth Shreading, from Texas, and Jay McCord, from Southern California, reelected for an additional 2 years. Jim Cannon, from Houston, is a returning Board member, having served the membership as Technical Director in 2014 and 2015. Kay Lee is from Illinois, and David White is from Maine, and they join the MAFCA Board for the first time. All are very enthusiastic about serving you, the MAFCA membership, in 2017!

I want to thank Alex Janke for serving the Board and the membership as the 2016 President. Under his leadership, MAFCA continued the path set forth by 56 previous Presidents, growing and expanding the breadth of the Club. Trudy Vestal, Dave Bockman, and Mark Smith are leaving the Board with the installation of the 2017 Board, as their terms have expired. Trudy, Dave and Mark share a passion for MAFCA; they believe in this organization, and have helped to motivate, affect change and improve our club. I hope their time and experiences, while serving the membership on the Board, will be remembered with great fondness.

The Board held the election of 2017 Officers and Directors on December 6, 2016. In 2017, David White will serve as MAFCA's Vice President. Please email David ([vp@mafca.com](mailto:vp@mafca.com)) if you are interested in hosting a national event in the future. Kay Lee will be serving as Secretary and Alex Janke will be serving as Treasurer. The Directors elected were: Technical Director is Jim Cannon, Membership Director is Garth Shreading, Chapter Coordinator is Jay McCord, Advertising Director is Donna Lewis, and Publications Director is Doug Clayton. Please do not hesitate to contact any of these folks with your comments, concerns, or questions.

The National Awards Banquet was great fun in Reno! Jack Middleton and the Sagebrush Chapter really executed a wonderful event for the membership! Whether one went on the planned excursions around the area, enjoyed the luxurious spa in the hotel, or tried one's luck with the slot machines, there was something fun for everyone. The January/February issue of The Restorer has a complete write up, including pictures, of the event. I hope you will join us at a National Awards Banquet in the future. I am looking forward to 2017 and the planned national events. We have a new Chapter driving program, the 2017 National Tour of the California Coast, and celebrating with the Sooner Chapter their 50th anniversary at the National Awards Banquet in Oklahoma City. Won't you join in the fun?

On the Members Only page of our website, you will find a link to access a very good Member Handbook developed by the Beaver Chapter. They have generously shared this with the entire MAFCA membership. Take a look; it contains their proven methods of retaining and recruiting new members for your Chapter.

Please remember that MAFCA is your club. If there is anything Model A related you want to talk about, suggestions to help make MAFCA a better club, please contact me or one of the Board members. I can be reached at or by phone 803-622-0048. I look forward to hearing from you!

[Happy Begg](#)

2017 MAFCA President

### Free Membership Program

Welcome to the New Year! As the year begins, your Board has set a goal to increase membership in 2017 to 17,000. We will need the help of all of our chapters to make this happen. This year, MAFCA will provide each chapter free memberships for friends of the hobby, who have never been members. This program has been ongoing for the past several years with great success. The MAFCA Board of Directors has chosen to continue the program with another spin for 2017. We will give unlimited free memberships. We just ask that they only be given to members who you feel will continue to be a part of MAFCA and renew their membership in the years to come.

The form is available at [MAFCA.com](http://MAFCA.com)

Please feel free to make additional copies to cover your needs. We encourage you to use them to build membership in your chapters.

Please feel free to contact Garth Shreading, 2017 MAFCA Membership Director at [Membership@mafca.com](mailto:Membership@mafca.com) or the office at 562-697-2712.

### 2017 Membership Renewals

Renewal of your membership was due by December 31, 2016. A \$5 late fee will be charged to those renewing after December 31. Please renew to maintain your longevity. The January/February magazine will be available to those renewing after January 1, 2017.

### ONE TWO BUCKLE MY SHOE

#### Buckles and Shoe Laces of the Model A Era

By Mary Carlson

Buckles and shoe laces may not be exciting, but they were certainly necessary. As you will see, there's more than one version of the nursery rhyme and there are many options to choose from when you are looking at buckles and laces for those era shoes.

Buckles could be decorative (a subject for another article) as well as used to keep the shoe securely on the foot. The images show the buckles on the outer edge of the strap or in the center of the strap.
