PRESIDENT'S MESSAGE

One of the greatest attributes of the Wichita A's membership is their caring nature and generosity, on November 27 we will demonstrate this once again with our annual food drive. Let's fill up the back of Ed Giesen's AA which he has graciously volunteered the use of again this year and spread some holiday joy to those less fortunate.

I would like to wish you all a happy Thanksgiving, Merry Christmas and a Happy New Year. Speaking of New Year's don't forget to dig out your long underwear and mittens and join the fun on the first tour of 2018 on New Year's Day.

Best Regards,
Randy Frazer, President

NOTE FROM THE EDITOR

I am pleased to announce that **Sheila Orr** will be assuming the responsibilities as editor of the Rumbleseat Review starting January 2018. You can either call her at or email her at editor@wichitaas.com. She will also have the capability of emailing club members of any club news you have to share. **Please note** her newsletter deadline falls on a **Friday**.

I would like to thank **Roger** and **Bonita Graham** for their everlasting help and support given to me over the years that I have been editor. I could not have done it without their knowledge and expertise. The tech articles Roger wrote were always outstanding and he received national recognition on a lot of his articles. All of the club members gave me what I needed when I made a request and you guys have been great to work for! Thank you so much for letting me be your editor!

PAST TOURS

Men's Tour

In the “good old days” of the Model A hobby there were plenty of junkyards, farms, and old garages where Model As and parts could be found. Men’s tours in those days were usually overnight trips with a destination or two, in search of cars and parts. But those days are gone, as are nearly all of those sources.

The 2017 Men’s Tour was a new kind of tour, traveling around town and visiting shops old and new. The tour stopped at five shops in the Wichita area on November 10th, with 25 club members, 3 guests, and 21 Model A’s. The first stop was Absolute Dimensions, a high-tech machine shop. Next was M&M Repair in Sedgwick KS, which is an old time general repair shop that does welding, sheet metal and steel fabrication - no high tech here. After a stop at the Fields Bros. shop to see their gunstock manufacturing operation, the group enjoyed lunch at Tequila’s Restaurant in Valley Center.

Then it was on to Harlow Aerostructures, a business that designs and manufactures aircraft throttles and other assemblies. The retired machinists on the tour may have been a little surprised at the advances in machine speeds and automation in just a few years. A long but interesting day concluded with a tour of Rotek Services, which repairs very large electric motors. It was an education for all. **Tom Ruggles**

Upper Left: **Gary Hileman**

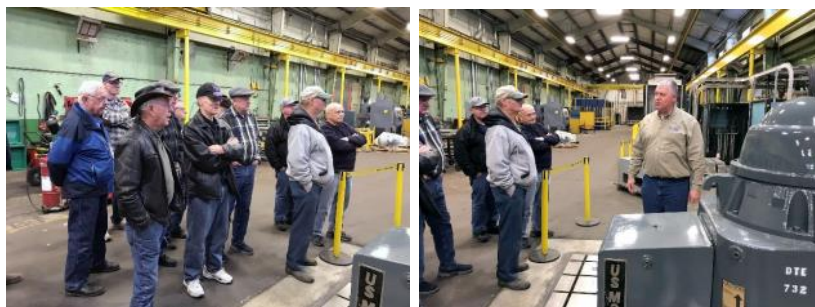

Upper Right: **Dennis Ellerman, Tom Ruggles, Alan Orr** and the owner of M&M Repair.

Absolute Dimensions: Upper left a worker and on upper right is the co-owner and **Gilbert Adams**.

Note From Our MAFCA President

November 2017

Crisp autumn air and Model A's are a perfect combination! I hope you are able to get out in your car and enjoy the fall foliage! I recently returned from a Model A adventure to the Outer Banks of North Carolina and the weather could not have been better! If you have the opportunity to make that drive, you will enjoy pristine untouched beach areas and great seafood. I highly recommend the drive.

Hershey was well attended this year and the weather was wonderful. A big thank you to all who helped in the tent, but especially to Alex Janke for presenting our technical sessions!

We are looking for a new Editor of our award winning magazine, *The Restorer*. Our long time, 17 years, Editor Jim Spawn has decided that it is time for him to retire from editing our magazine. I'm certain we will see him and his wife, Melissa, at events in the future. I wish Jim the very best and hope he will enjoy his free time driving the back roads in his Model A for many years!

I hope you will be joining us in Oklahoma City for the 2017 National Awards Banquet. The Sooner Model A Club will be celebrating their 50th Anniversary and would love for you to be there. The 2018 MAFCA Board of Directors will be installed and we will be recognizing those folks who have gone above and beyond to support MAFCA and the Model A hobby with awards. It's not too late to register and links to those forms can be found on the Home page of the MAFCA website. Don't forget to order your Christmas cards from MAFCA. We have a wonderful new design this year. It depicts a family loading up the Model A with gifts. These can be ordered online or by calling the office, 562-697-2712. You will also find holiday gift ideas for your Model A friends and family on the website. Order early to be sure to receive them in time! Registration materials for the 2018 National Convention to be held in Reno, Nevada are available on the NCRG Convention website. Don't forget to make your hotel reservations at The Nugget Hotel, 1-800-843-2427 and mention the code GMODEL for the negotiated rate of \$89++ per night.

Planning is well underway for the 2019 National Tour. It will be a "Hub & Spoke" style of tour, based out of Kanab, Utah, October 7-11, 2019. The Canyonlands Special Interest Group will host this unique tour through the red rock canyon lands of Southwest Utah and Northeast Arizona. Start making plans to join us as we discover this hauntingly beautiful area of the Southwestern US!

I hope to see you in Oklahoma City at the end of this month!

MAFFI Newsletter Minute

October 2017

What's new with MAFFI?

At this year's annual Board of Directors Meeting, we were excited to have Olle Bergstrom accept the position of International Liaison for MAFFI. This newly created position is intended to provide greater exposure for our museum and to gain knowledge of activities in manufacturing and sales for the Model A outside of North America.

This year we began building an exhibit we have titled "A-Round The World". We have acquired memorabilia, a right hand drive Deluxe Phaeton and have produced signage to explain the history of Ford Model A production and marketing in Europe, Asia and South America. We are looking forward to having Olle help expand our exhibit content and generate greater international enthusiasm for our museum.

If you weren't able to be at Model A Day this year, plan a trip to see the Museum. There is something new to see and explore not only at our facility but at the Gilmore as well.

Thank you for your continued support of MAFFI!
