Marion Antique Tour & Second International Model A Day

25 Model A's made the trip to Marion, KS. We arrived in time to drive our A's in the Marion parade. We followed up with lunch at the Marion County Lake.

After lunch we did a little antique shopping and rumor has it Claudia Ellerman bought something a little too big to come home in the Model A.

The weather made this a perfect day.

Amazing how a guy, driving down the road can find this stuff sitting off on a side street. **Dennis Ellerman, Tim Straub and Richard Kibbe** checking it out.

Bob Bruce looking for something he doesn't have yet.

Lavonne McLaughlin made a lucky find!

Marion Parade

Roger Grube & Roger Graham visiting during a rest stop.

Ludlow's Ice Cream Social

Thanks to all of you, the Ice Cream Social was a great success. The desserts were delicious. Glad so many drove their Model As.

There is talk of another one next year.

Thank you.

Darrell & Doris Jean Ludlow

Looking Forward to the Future

What is the date of the first driving tour in 2010?

There will be prizes for the first three correct answers. Wichita A's officers and directors are not eligible. Submit your answer to **Richard Kibbe** Tour Chairman at **tourchair@wichitaas.com** or go to **www.wichitaas.com** and click on contacts.

I will have an announcement for the November newsletter.

I look forward to coordinating at least half a dozen over nighters next year. Richard Kibbe

CHENOWETHS ARE BACK!

Frank and Peggy left Sept 15th for a trip east in their 31 Model A Coupe. They arrived home on Oct. 7th after traveling 4,607 miles.

The furthest point was New Hampshire. Frank describes it as a wonderful trip and the Model A ran outstandingly.

Details and pictures next month.

NEW MEMBER PROFILE

BOB & SUE ROBARE

Bob and **Sue** are neighbors of **Charlie** and **Vinita Hawthorne**. **Bob** has always enjoyed working on cars but never had any exposure to a Model A Ford until he met the **Hawthornes**. **Bob** has a very well equipped shop with a lot of professional body equipment and a complete engine machine shop.

This summer **Bob** was visiting **Charlie** and **Marvin Hamlin** happened to be there. With **Bob** in mind **Charlie** asked **Marvin** if he knew of a Model A for sale. **Marvin** showed **Bob** his original 29 low mileage Tudor that he had bought from **Dennis Anderson**. In one of his weaker moments **Marvin** sold the car to **Bob**.

This Model A originated from **Dennis Anderson's** home town of Stromsburg, Nebraska. **Dennis** bought it from the **Walberg** brothers, a couple of elderly bachelors who were socially reserved. That was in 1969 and the car had something over 30,000 miles on it. **Dennis** sold it to **Marvin** in 2007, before it turned 40,000 miles.

Bob and **Sue** really appreciate this fine original example and want to preserve it however this brings on another issue, a tour car. They really don't want to drive the Tudor much, so they may buy another Model A for touring.

The **Robares** have had an interesting life. **Bob** was born and raised in upstate New York on a dairy farm. After earning an electrical engineering degree from Tri-State University in Indiana, **Bob** worked for McDonald on the Gemini Space Program. Next he worked for General Dynamics on the F111

and in Ft Worth, in 1969, he met and married **Sue**, a native of Big Spring, TX. They continued to move with each new assignment, San Diego then Rochester, NY.

With 2 young children, a boy and a girl they even went back to the dairy farm. With about a hundred head of cows this was a 24/7 occupation. After doing that for 3 1/2 years, they left the farm when **Bob** accepted a job with Rockwell in England. This turned into an eleven year stay and they made many life long friends while there.

In 1988 with teenage children they moved back to the USA in Clovis, NM for another Rockwell assignment. While living there **Bob** was sent to Desert Storm on a field assignment. In 1994 the couple found their way to Wichita with an offer from Rockwell Collins. The, now adult children and their families also chose to relocate to Wichita so the entire family lives here. **Bob** retired a couple of years ago and **Sue** plans to retire from the USPS Encoding Center within two years.

Bob and his son, **Michael** enjoy working on cars and have updated several post war examples; A Studebaker pickup with a Chevy V8 and A/C and others. They also rebuild wrecks and are equipped with an 11,000 lb, isometric body lift. **Bob** has always spent his spare time working on cars and actually brought 3 back from England: a 29 Rolls Royce, an Austin 7 and a 64 Jaguar XKE. He still has the Jag. RG

Bob & Sue Robare with their 29 Tudor

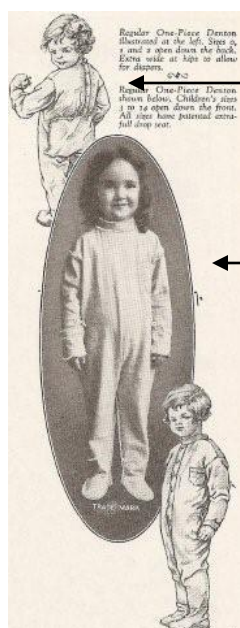

29 Model A just turned 40,000 miles, an average of 500 miles a year for 80 years!
