President's Message

Hello to all. I just returned from the Big Kansas Road Trip to Halstead. As always, we visited a town that I had never known much about. I had been to the Hertzler Clinic with my son but did not know about the history of the Clinic or Dr. Hertzler. It was an interesting town with an interesting history. The discussion of the Halstead Levee system was very interesting. It complimented the discussion of "Mitch's Ditch" provided by Tom Ruggles at a recent club meeting. The turnout for the tour was particularly good. We will learn at the meeting how many people and cars attended. Thanks to Mike and Kathy James for planning and leading the tour.

As I have been talking about getting the Model a ready for the Gilmore trip, About a mile from home on Saturday morning to go on the tour, I had no brakes when approaching McArthur. Lucking there were no cars coming so was able to downshift and get the corner turned. Nursed the car home and drove the modern PU on the tour. Will have the results of trouble shooting at the meeting.

We have a few tours left this year, which I believe are central to the club. They're enjoyable, offer quality food, and let you drive the Model A.

Hope to see all at the Appreciation dinner and election of officers for next year on **Sept. 29. This is the fifth Monday rather than the fourth for this month only.**

Frank Chenowith, President

Editors Note

Received this note from the gentleman who purchased **Wayne Orr's** car.. He lives in West Virginia. Reads, I still have your Dad's car. I have straightened all the paintwork out and painted the frame, have put new 16" wheels and rem's radial tires. Put the luggage rack back on. Have really enjoyed the car. Your Dad did a really good job. It looks good. I drive it a lot Thank you.

We thank him for continuing looking after it and enjoying a Model A! Fun in the A still exists!

Big Kansas Road Trip

Road Trip to Halstead

By: Mike James, Wichita A's

One of my favorite movie lines was from Dorothy Gale. You're probably saying to yourself, "who in the heck is Dorothy Gale?" (oh how quickly we forget!) The Wizard of Oz Dorothy and her little dog Toto! Now that you recall Dorothy, do you recall the line from the Wizard of Oz: "If I ever go looking for my heart's desire again, I won't look any further than my own backyard. Because if it isn't there...then I never really lost it to begin with?"

Saturday, September 6, 2025, 35 Wichita A members and 2 guests found their heart's desire by traveling a short 22 miles north to Halstead, Kansas. In our own backyard is a fascinating small town (2,179 folks). Named after Murat Halstead, a prominent Civil War Correspondent and newspaper editor, the history of Halstead is preserved at the Halstead Heritage Museum and Depot. The museum is housed in an old, Atchison, Topeka & Santa Fe Train Depot built in 1917 and is a vast reservoir of times past.

Sensory Overload. Arriving at the Halstead Heritage Museum & Depot our group of Model A's provided a smorgasbord picture of history. Twenty-one Model A Fords parked in front of a 1917 railroad depot with a 2025 manufactured Boeing 737 fuselage built in Wichita on a railcar headed to Renton/Everett, Washington for final assembly. The train just happened by as our Model A's parked. A picture of how fast things change!

Our little group of Model A's (21 cars) and two modern, provided a long string of nostalgic memories for the people of Halstead and Big Kansas Road Trip (BKRT) attendees. The twenty-two mile proximity of Halstead to Wichita made it possible for many of our club members to attend their first ever **Big Kansas Road Trip**.

Photo by Eric Weninger, Model A Medic

Continued from page 6

Inside the Halstead Heritage Museum our group was given a tour by Kimberly Hon. (*Holding microphone. Kimberly was named after Kim Novak who appeared in the film "Picnic" filmed in part, in Halstead in 1955*). The museum is filled with a large variety of items related to Halstead and the early years of train travel. Of particular interest was the historical background narrative that Kimberly provided on the "Harvey Girls". Fred Harvey (*created the 1st restaurant chain in the US*) initially hired men as waiters in his restaurants along the Santa Fe railroad line. Mr. Harvey replaced the men with women known as the "Harvey Girls" because the men were often drunk, unreliable and took little pride in their work. A Harvey Girls dress was on display which was reversible so that the wait staff always appeared with clean uniform clothing - (*2 dresses for the price of one and quick change for an always professional, clean appearance!*) The Harvey Girls elevated standards of service and actually brought civility to travelers along the Santa Fe railroad line.

Wichita A's check out the 1908 Studebaker horse drawn doctor buggy at the Halstead Museum. This buggy is similar to one used by Dr. Hertzler, founder of the Halstead Hospital.

In 1902 Dr. Arthur E. Hertzler founded the former Halstead Hospital. Through Dr. Hertzler's efforts the hospital quickly grew and became known as the "Little Mayo Clinic of the Great Plains". Although the hospital is now closed, Halstead continues to build on its legacy for providing health care through the **Halstead Kansas Learning Center for Health**. Founded in 1965, the center offers hands-on, interactive health and science programs and "Valeda"! Valeda is a voluptuous "see-through" woman. An anatomical mannequin that demonstrates human anatomy by lighting up while providing a narrative of our internal organs and body systems.

Back to Class! Wichita A's tour the Kansas Learning Center for Health and hear a short lecture from staff about Valeda.

Continued from page 7

During our lifetime, we spend approximately one-third of it at our jobs. It has always been fascinating to me to learn how others make their livelihood. Our BKRT to Halstead opened our eyes with “A Day in the Life of Bobbi’s Cutters” (www.bobbiscutters.com). Our Model A group toured the manufacturing facility for cookie cutters! In true Kansas fashion, Bobbi’s Cutters is located on a farmstead just outside of Halstead. What they do is magical. The woman owned company (Bobbi) manufactures cookie cutters using 3D printers. Starting out by designing a grasshopper as a novelty item for a friend has grown into a business providing hundreds of cookie cutter designs. Our group also learned about CookieCon, the world’s largest convention showcasing cookie art, cookie supplies etc., all focused on the art and business of making cookies & cookie decorating. Who knew? When Bobbi learned that the Wichita A’s would be touring her facility she offered up front parking for the occasion and advised that she probably should make a Model A cookie cutter for our group.

Above is a collection of just a few of the 3D printers for making cookies and on the right are two brand new Model A cookie cutters and finished products - MODEL A COOKIES! It doesn't get any sweeter!

I will end this retelling of our BKRT trip to Halstead with our tour of Bobbi’s Cutters. However, as I discovered during my trip planning, there is a lot more to Halstead than our group had time for. Riverside Park, Swinging Bridge, Huge Flood Gates, Arkansas Valley Interurban Railroad and more. All in Halstead. As Dorothy Gail so aptly noted, one can find their heart’s desire in their own backyard. And unlike Dorothy, we do not need a pair of ruby red slippers to go home to Kansas. Living in Kansas we can just use our Model A’s to discover what’s in our own backyard. Ahooga

A big Thank You to Mike and Kathy James for being our great Tour Leaders! Also, a big Thank You to Mike who wrote this article in record time! We are leaving in a few days for Michigan and Gilmore Museum so had to expedite the newsletter!

Appreciation Dinner & Election of Officers

The appreciation dinner will be on **Monday September 29 at 6:00 pm**. This meeting is on the fifth Monday at a different time than usual.

The club will provide meat (BBQ), baked beans, Coleslaw, and drinks. Members, please bring a side dish or dessert..

We will also be having the election of officers!

LET'S EAT!

BKRT-Cancelled

After much thought, consideration and consternation we have decided not to pursue the October 4, 2025 Big Kansas Road Trip to Hoxie, Kansas. We will save the miles for another Model A Day. **Mike & Kathy James.**

All Ford's Day

All Ford's Day will be held on October 11th. This year it will be held in Cheney, KS at 39925 W. 39th St S from 9AM to 4PM. It will be held in conjunction with the Cheney Fall Festival.

“A” good look at an outhouse in Elk Falls

When You Gotta Go, You Gotta Go!

WHERE: ELK FALLS, KANSAS

WHEN: Saturday, November 22, 2025

WHAT: Elk Falls Outhouse Tour. This is a same day tour to Elk Falls, Kansas. Enjoy the rolling hill drive through scenic southeast Kansas to see the tiny town filled with outhouses! We will explore the 2025 themed outhouses vying to be Number 1 (no pun intended). We will tour the Elk Falls Pottery shop and share a lunch outing with fellow club members.

You Gotta GO!

Christmas Party

The Model A Club Christmas party will be at the Prairie Rose Chuckwagon Ranch in Benton on Saturday, December 6. We will have dinner from 6 to 7. Bite Me barbeque is on the menu. You will have your choice of pulled pork or brisket along with a barbeque chicken leg, cornbread, cowboy beans, potato salad, a cookie and a non alcoholic beverage. After dinner beginning around 7 PM, the Diamond W Wranglers will perform a cowboy Christmas concert. Our group will be seated all together. Weather permitting, there will be wagon rides before the show. There will also be a mercantile store available for gift shopping. The cost per member is yet to be determined by the board. Sign ups will begin at the September meeting. Final count for reservations will need to be to Prairie Rose November 26, which means the last day to sign up will be at the November meeting. This will be a very festive evening ending around 9PM.

THE running BOARD REPORT

From Tom Hovetter, President and Jim Zimmer, Director of Regions

September 2025

Meeet us next May in the beautiful Finger Lakes Region of New York State when we present the MARC 2026 Membership Meet/National Tour as a joint event! The Finger Lakes area is renowned for its scenery, local wineries, and quaint villages. For an extra thrill, drive your Model A on the world-class Watkins Glen International Speedway! Details are still being finalized so keep checking the *Model A News* and *The Running Board Report* for information as it develops!

ALERT! Scammers are back again. Recently an email, purportedly from Tom Hovetter, MARC President, was sent to Regional officers requesting gift cards be sent for veterans. This is a scam. MARC does not solicit funds except for payment of membership/Region dues.

Recently the Driver Class committee met to make changes to the judging standards based on feedback we have received. An example of a few of the changes made are that we will include vehicles with fiberglass fenders and later Ford axles to participate going forward and have enhanced the awards! We want to encourage participation of almost any Model A with non stock parts and modifications. Look for the updated standards on the MARC website shortly.

Certainly you've seen that we have the digital version of the *Model A News* posted on our website for MARC members to view. If you are a new member or just renewed, at the bottom of your receipt is a button to view your account and it will take you to it. This method is in addition to access through the MARC website. If you need a copy of your receipt, just contact the office at 734-427-9050 and we can send it to you..

Quick Release Tudor Seats

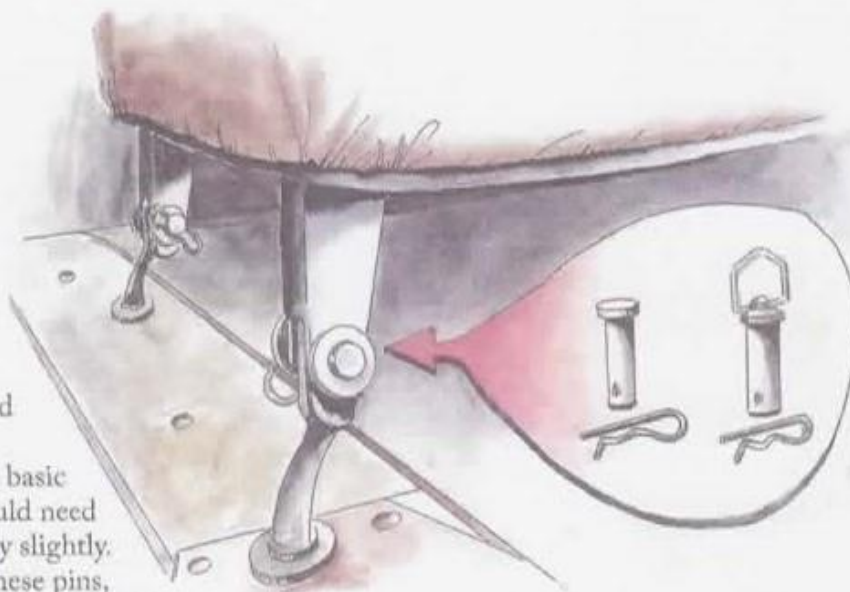

Idea suggested by Ray Gross, Colorado Spring, Colorado
Illustration by John Pratt, Urbana, Illinois

Tiny Tips
From MAFCA Members

Editor's note: My friend Ray Gross from the Pikes Peak Model A Ford Club secures the front seats of his 1931 Tudor Sedan with hardware store pins that came with a hole that fits a heavy duty cotter pin or quick release pin. Instead of having to use a wrench whenever he needs the seats out of the way, he just needs to pull the pin.

Technical director Paul Shinn says, "I did that on my Tudor using hardware made for that purpose from the boating supply store West Marine. Their 'hitch pins' use a hardened stainless that is much safer and stronger than a drilled bolt."

Illustrator's note: I also found that a new brake clevis pin fits almost perfectly. There are two basic sizes of these pins, and one would need to have the hole drilled out only slightly. The illustration shows one of these pins, plus the one that Paul Shinn suggested." ☺

IF YOU HAVE A HELPFUL TIP about Model A restoration or maintenance, please send it, with a photo or sketch, to the MAFCA office: 250 S. Cypress St., La Habra, CA 90631 or email to: Restorer@mafca.com

ERA FASHION

Shoe Adornments

Leather bows, steel beads, rhinestones, and marcasites are just a few of the materials used in making shoe clips. The clips resembled costume jewelry of the era. The ornaments were sold to dress up a shoe or add interest to the plain pump, and expand the shoe wardrobe. They were usually clipped onto the portion above the toecap but another look was created by clipping them on the side, as shown in the illustration. In addition to the clips for the front of the shoe, decorative straps were made which were clipped onto the shoe across the instep, thus securing the shoe and dressing it up for the evening.

The Rumbleseat Review is the official publication of the Wichita A's Model A Ford Club, Inc., a local chapter of the Model A Ford Club of America and the Model A Restorers Club. It's purpose is to keep members informed of past, present and future events, activities, and club news. In addition, this newsletter includes articles and other information to aid in the restoration and enjoyment of the Model A Ford automobile.

This publication is mailed or emailed to members, prospective members and editors of similar publications prior to monthly meetings. Meetings are usually the fourth Monday of the month. Members may publish antique car related ads only for free of charge which includes items wanted, items for sale, or items for trade. We invite members to submit articles containing technical Model A information and other interesting tidbits for publication in this newsletter. Items to be published must be submitted to the newsletter editor by deadline shown in the calendar. Wichita A's membership dues are \$25.00, per year (October to September30). MAFCA dues are \$50.00 per year and MARC dues are \$50.00 per year. A business card advertisement in this newsletter is \$25.00 per year.
